Dave joined Inland Companies in 2006 as an Estimator for Inland Construction.

Dave's daily responsibilities at Inland include establishing bids and cost estimates for various commercial projects ranging from office build-outs to new construction developments. A majority of his time is spent reviewing subcontractor bids, analyzing budget and scope of work on proposed jobs and updating the in-house estimating program unit pricing procedures.

Dave has extensive experience in the industry dating back to 1985 as a senior estimator for several custom builders and developers in the Milwaukee area.
